

Yoga Classification

Using modern tech to unveil
the subtleties of an ancient practice

The Yoga Industry

Types of Yoga Classes

Vinyasa

Power
Iyengar
Ashtanga

Gentle
Restorative
Yin

Hatha

Hatha & Vinyasa comprise more than 60% of all yoga classes.

Across 40k yoga classes created by individual yoga teachers from all over the world.

Popularity of Yoga Class Types

Goal & Methods

1. Collect yoga classes
2. Gather diagnostic info about every yoga pose
3. Quantify % of each class spent in each type of pose
4. Fit classification algorithms & optimize **recall**

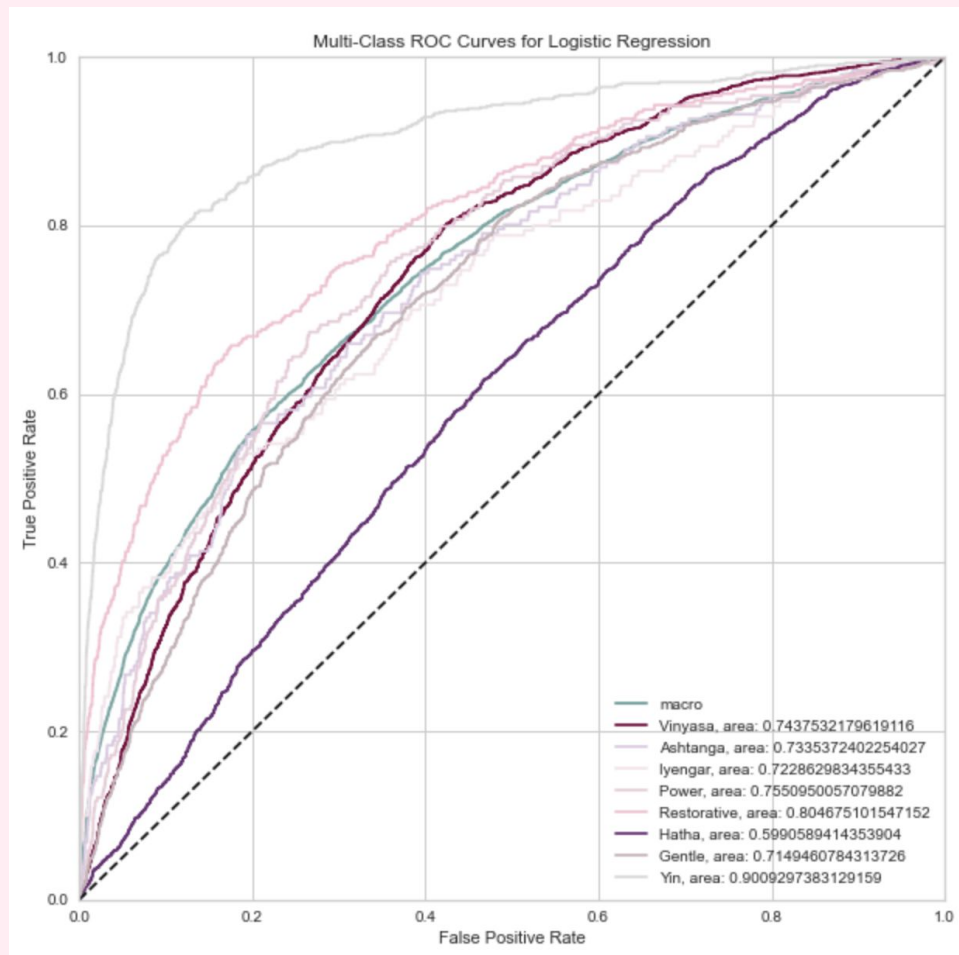

Create an App

For **Yoga Teachers** to
create and diagnose classes

- Better understand their practice
- Market themselves more accurately

Logistic Regression

**Great Recall on
all but Hatha...**

**...And why this is a
good thing**

What's In a Yoga Class?

Strength

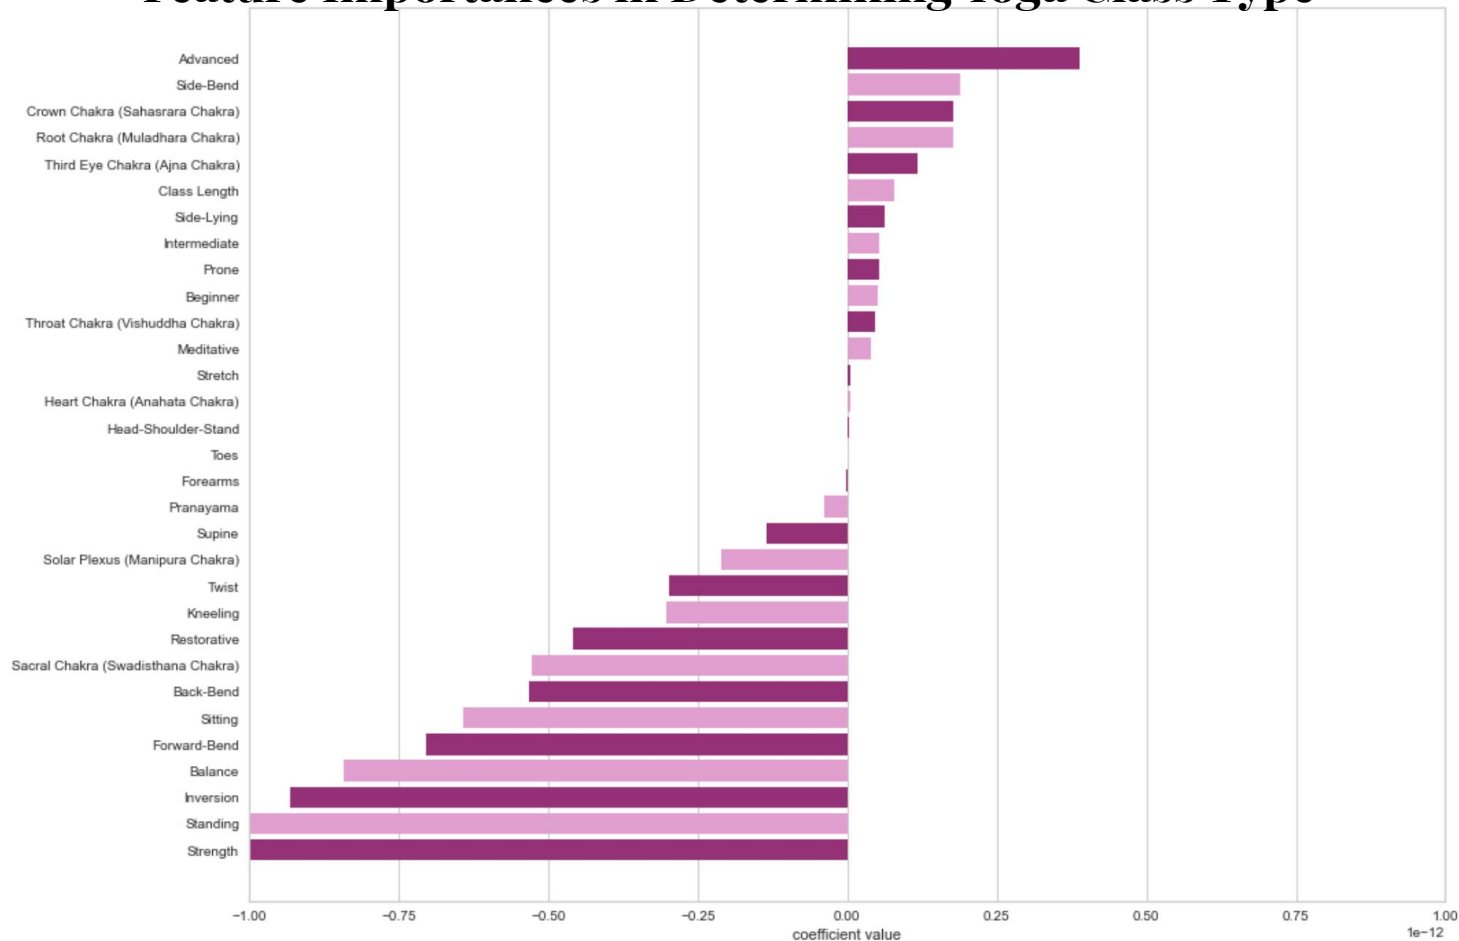

Standing

Inversion

Balance

Feature Importances in Determining Yoga Class Type
